LEBANESE KITCHEN

ALLERGEN & CALORIE MENU

Adults need around 2000 kcal a day

We prepare our food in kitchens where products containing gluten, sesame & nuts as well as other allergens are used. The allergen data detailed in this menu has been derived from supplier specifications on the allergenic ingredients that have intentionally been added to the final food product. We have taken all reasonable steps to ensure that this menu is accurate. We cannot guarantee that any product is “100% free from” any allergen due to the risk of possible cross contamination in production, supply & preparation.

Spring 2024

Version 01
