LEBANESE KITCHEN

ALLERGEN & CALORIE MENU

Adults need around 2000 kcal a day

* This allergen guide covers the 14 allergens specified by the EU Food Information Regulations. It lists what allergenic ingredients are contained in each of our dishes and shows which are suitable for vegan and vegetarian diets. We also include 'may contain' warnings from our suppliers. *a blue asterisk means that the dish 'may contain' the specified allergen. (This is where an allergen is not in a recipe or intentionally in a dish, but where the manufacturer of an ingredient believes that cross-contact may still be a risk). However, please bear in mind that our busy kitchen handles numerous ingredients and allergens. Whilst we have controls in place to reduce the risk of cross-contact, it is not possible for us to guarantee that any of our dishes will be allergen free. Where a dish contains cereals containing gluten or tree nuts, please note additional species may contains are not covered.

Spring 2026
